

ENVIRONMENTAL BENEFITS

OF CLEANING A LAPTOP vs BUYING A NEW

Cleaning a laptop saves the environment from 386kg CO₂ which is the same as:

8% of the average person's annual carbon footprint

Watching TV for **96 days** straight

Driving a car for **15 hours** straight

11 days' energy use in an average household

3 years' non-stop use of a 13-watt light bulb

BRINGING HI-TECH BACK TO LIFE
